

REPUBLICANS SET RECORD IN THIS CITY

First Time in History of Rushville
That Party in Power is Returned
to Office.

WHOLE TICKET IS ELECTED

Earl E. Osborne, Clerk-Elect, Leads
Republican Candidates With
Majority of 234.

A. B. IRVIN'S MAJORITY IS 158

Many Things Contribute to Victory,
Not Least of Which is Character
of Campaign Against G. O. P.

The republicans made history in
the city election in Rushville yester-
day.

The whole ticket was elected. It
is the first time on record in Rush-
ville where the party in power was
returned to office. It was clearly an
endorsement of the present adminis-
tration, which is regarded as having
the best business record of any
council ever serving in Rushville.

Earl E. Osborne, who was elected
clerk over Charles G. Newkirk, led
the republican ticket with a majori-
ty of 234 votes. George Helm, who
was elected treasurer over Knowles
Casady, was the low man on the
ticket, winning by a majority of 26
votes. Arthur B. Irvin, republican
candidate for mayor, has a majority
of 158, receiving 701 votes as com-
pared to 543 votes for his demo-
cratic opponent, John D. Megee.

Republicans were very much elated
over the victory, not only be-
cause it is the first time in the city's
history that an administration has
not been repudiated, but for the ad-
ditional reason that it is the fourth
straight victory for the party in this
county. Republicans carried the
county in the congressional and the
county election of 1914, after the re-
versal of 1912. They also carried
the county in the general election of
1916, and again in the special con-
gressional election held this year to
select a successor to the late Daniel
W. Comstock.

Many democrats were disposed to
blame the local democratic organ for
their defeat. There is little doubt
but that many independent voters as
well as men who seldom vote any-
thing but the democratic ticket were
antagonized by the character of the
campaign conducted by the news-
paper. The injection of personali-
ties spurred many republicans on to
greater activity and aroused them
from the lethargy which character-
ized the campaign up until a few
days before the election.

Although the submarine attacks
on the republican candidates were
an element which contributed to the
victory, there is little doubt but that
the record of the present adminis-
tration figured largely in winning a safe
majority for the republican ticket.
The campaign was made by the re-
publican candidates solely in the
business-like administration of af-
fairs by the city officers now in
power. Their record was so good
and impregnable that the democratic
searchers for a campaign issue had
to resort to subterfuge and other
methods not generally used in cam-
paigns here to stir up lots of smoke
where there was no fire.

Yesterday's predictions of a light
vote were proved by the official elec-
tion returns to be true. The total
vote cast for mayor was 1,244 as
compared to 1,478 cast four years
ago, a loss of 234. There were three
candidates in the field four years
ago. Mayor Beabout had a majority
of 104 over his opponents, but his
plurality over the democratic candi-
date was 357 as compared to Mr.
Irvin's majority of 158 this year.

PATROL BOAT REPORTED

Alcedo Submarines With Probable
Loss of 21 Men

(By United Press.)

Washington, Nov. 7.—Following
closely the first casualty list in
trench fighting, the navy department
made public today a list of one of
officer and twenty men missing from
the American patrol boat Alcedo,
submarined Monday.

The Alcedo, a converted yacht,
apparently was hit in a vital spot,
as only four minutes elapsed before
the vessel plunged below.

ALLEGES SQUIRE KEPT THE JUDGMENT

Gunn Haydon Charges James Krat-
zer Collected \$30.67 and Con-
verted it to Own Use

BONDSTHIS ARE MADE PARTIES

The case of the state on the rela-
tion of Gunn Haydon, local hard-
ware dealer, against James Kratzer,
justice of the peace, and his bonds-
men, Hyman Schatz, junk dealer
and P. H. McConnell, former Rush-
ville druggist, was filed in the cir-
cuit court this afternoon to collect
\$30.67 alleged to have been collect-
ed by Kratzer and converted to his
own use.

The complaint sets forth that Mr.
Haydon obtained a judgment against
Harry Colter for \$30.67 in Squire
Kratzer's court May 24, 1917. The
plaintiff declares Colter paid the
judgment the same day, but that
Kratzer had never given him the
money though he has been repeat-
edly requested to do so.

McConnell, one of the squire's
bondsmen, has left the city and a
suit brought by Schatz, in which he
asked to be released from the
squire's bond is pending in the cir-
cuit court.

PROHIBITION STILL IN DOUBT IN OHIO

With 574 Precincts Out of 5,756
Heard From, Wets Are Leading
by 13,112 Votes.

EXTREME CLOSENESS FEATURE

(By United Press.)

Columbus, O., Nov. 7.—With 574
precincts missing out of a total of
5,756 in Ohio, the wets were leading
the drys by 13,112 this afternoon on
the face of unofficial returns from
the prohibition election.

To turn the tide the drys will have
to make a gain of 23 votes in each of
the remaining precincts.

The extreme closeness of the vote
on prohibition was the outstanding
feature of the election yesterday.

First returns last night indicated
a dry victory by as much as 35,000.
During the night the tide turned in
favor of the wets. By morning the
drys came back with favorable re-
turns. At noon, however, wet
strength began to show itself. As a
result of these conflicting returns,
the result is very much in doubt.
Both sides are claiming to have won.

CAPTURES PALESTINE TOWN

(By United Press.)

London, Nov. 7.—Capture of Gaza
by General Allenby's expeditionary
army in Palestine was formally an-
nounced today.

The Egyptian expeditionary force
also reported its capture of a vil-
lage 11 miles north of Beersheba
taken yesterday. Further to the
east, the war office announced, the
whole Turkish defenses had been

The report puts the British army
only 29 miles from Jerusalem.

CULTURES ALL NEGATIVE

No More Children Found to be Car-
rying Diphtheria Germs.

All of the cultures of children re-
ceived by Dr. Coleman, school doc-
tor, during the last few days have
returned negative, showing the chil-
dren did not have diphtheria germs.
Several who have been exposed were
quarantined until the report of their
throats was returned. The school
children who were not examined
when the cultures were first taken
were examined later and these cul-
tures have been returned also.

MANY CITIES IN STATE GO REPUBLICAN

Mayors Are Elected in Terre Haute,
South Bend, Fort Wayne, Ko-
komo and Richmond.

TAMMANY WINS IN NEW YORK
Although Democrat, is Elected May-
or Woman's Suffrage Carries in
State by 90,000.

NEW MEXICO IS VOTED DRY

Mayor Bunch of Muncie and Mayor
Bosse of Evansville, Democrats,
Are Re-elected.

WOMAN'S SUFFRAGE WINS

(By United Press.)
New York, Nov. 7.—New York has
two million voters today. Woman's
suffrage is winner in the state by a
majority of more than 90,000. Up-
state districts cut down the lead
which was rolled up in New York.
Tammany districts went strong for
suffrage. Tammany is back in pow-
er in New York today after the
greatest show of strength in its history.
John F. Hyland was elected
mayor yesterday by a plurality of
more than 140,000.

NEW MEXICO GOES DRY.

Santa Fe, New Mexico, Nov. 7.—
The statewide prohibition amend-
ment carried every county in the
state, according to unofficial returns.
The anti-saloon league claimed a
majority of 20,000 for the amend-
ment.

EDITOR ELECTED MAYOR

(By United Press.)
Newcastle, Ind., Nov. 7.—George
Elliott, editor and publisher of The
Newcastle Courier, was elected mayor
by the narrow majority of 87
votes yesterday. The whole republi-
can ticket was elected with the ex-
ception of two ward councilmen.

REPUBLICANS WIN.

(By United Press.)
Connersville, Ind., Nov. 7.—The
whole republican ticket was elected
here yesterday by safe majorities
with the exception of the candidate
for treasurer.

Indianapolis, Ind., Nov. 7.—re-
publicans in several Indiana cities
are jubilant over their success in
Tuesday's municipal elections.
At Terre Haute, long a democratic
stronghold, Charles R. Hunter (Rep.)
defeated James M. Gossom (Dem.)
by a plurality of more than 2,700.

Ft. Wayne, which has been known
as the Gibraltar of the democratic
party, elected W. Sherman Cutshall
(Rep.) mayor.

Elanah Hulley (Rep.) was elected
at Marion on a decent government
platform, which insures the elimination
of "blind tigers."

South Bend elected Dr. Franklin
R. Carson (Rep.) by a small plural-
ity.
At Kokomo Isaac Wright (Rep.)
was successful, and at Huntington,
Charles M. McGrew, also Republi-
can, was elected. Other cities elect-
ed Republican mayors include Craw-
fordville, Batesville, Bedford, Bick-
nell, Bloomington, Brazil, Bluffton,
Columbus, Cannelton, Columbia City,
(former home of Vice-president
Marshall), Delphi, Greencastle,
Greensburg, Greenfield, Lebanon,
Logansport, Monticello, Noblesville,
Rensselaer, Rising Sun, Rockport,
Sullivan, Union City, Manchester,
Aurora, Angola, Butler, Clinton,
Connersville, Dunkirk, East Chicago,
Frankfort, Franklin, Garrett, Gary,
Goshen, Hartford City, Jefferson-
ville, Kendallville, Madison, Martins-
ville, Mitchell, Mt. Vernon, New Al-
bany, Portland, Princeton, Rich-
mond, Terre Haute, Vigo, Westville.

CONSERVATION OF DAIRY PRODUCTS

Barnard Urges Housewives to Sub-
stitute and Save Butter For
The Allies

USE MORE JAM AND JELLIES

(By United Press.)
Indianapolis, Nov. 7.—State Food
Administrator H. E. Barnard today
made a plea for the more econom-
ical use of dairy products. He
urged the substitution of jellies and
jams for butter when spread on
bread. His statement follows:
"Our allies are calling for larger
and larger supplies of dairy prod-
ucts. Last year we sent them three
times as much butter and ten times
as much condensed milk as we used
to send them before the war. This
year we must not only send as much
as last but even more. Dairy prod-
ucts, either milk or butter are nec-
essary children's food but if the lit-
tle ones around the table get plenty
of milk they can

CITY TEACHERS TO HOLD AN INSTITUTE

WILL be Addressed Saturday by Indianapolis Quotations Fall Of
Prof. O. H. Williams, State
High School Inspector

SUBJECTS OF HIS ADDRESSES

The second teachers institute will be held at the Graham High school building, Saturday, beginning at nine o'clock. Prof. O. H. Williams of Indianapolis, state high school inspector, succeeding the late J. B. Pearcey, will speak in the forenoon. He will give an address to the Institute at 9:15 on the "Problem Method in Teaching." Prof Williams was formerly an instructor in Indiana university giving especial attention to methods in teaching history. At 10:30 Prof. Williams will talk to the high school section on "High School Organization."

The teachers are asked to be prepared upon the following topics:
1.—What is meant by the "Problem Method" in teaching?
2.—Illustrate the Problem Method in your own subject.
3.—What are the advantages of the "Problem Method?"

BRITISH BOMBARD KEY TO GERMAN LINE

Capture of Passchendaele Brings
Them Within Five Miles of the
Railroad Center.

U. S. OFFICERS SEE ASSAULT

By WILLIAM PHILIP SIMMS
(U. P. Staff Correspondent.)

With the British Armies, Nov. 7—British artillery today was bombarding Roulers, key to the German line of communications to the submarine bases. Capture of Passchendaele in yesterday's great push brought the British lines to within five miles of the railroad center. From behind the lines British heavy guns immediately began their bombardment of Roulers, which continued today.

Capture of Passchendaele and neighboring villages put the British on the very top of the Passchendaele ridge and with only a small remaining bit of the highland still in the enemy's hands. He was clinging desperately to this today. High American officers saw the British go over the top in the victorious assault.

COAL JOBBERS NOT TO GET COMMISSION

State Fuel Administrator Makes it
Plain His Office is Not For
Their Profit

ASK USUAL 15 CENTS A TON

Indianapolis, Ind., Nov. 7.—Members of the Indiana Coal Jobbers association conferring with federal fuel administrator for Indiana, Evans Woollen here today, were told that the coal administration was not to be used as an advertising agency for the profit of the jobbers.

The jobbers asked that where the fuel administration supplies coal direct from a mine to the retailer, that the jobber from whom the retailer has been accustomed to purchasing his coal be allowed the regular fifteen cents a ton profit. Woollen refused the request but agreed not to supply coal to a retailer unless the retailer proves that he is unable to procure coal from the jobber.

WORK OF THE YEAR IS OUTLINED AT RALLY

Continued from Page 1
of the church where Alexander Campbell preached and presented them to four society presidents at the Kansas City convention. During the opening service this afternoon, the audience sang the following words to the tune of America:
God save our splendid men
Bring them safe home again
God save our men

Keep them victorious, patient and
chivalrous
They are so dear to us
God save our men

Unpatriotic Dealers

More and more the attention of the country is being fixed on the retailers. It appears that the laws passed by congress and the regulatory measures adopted by the food administration have left them practically untouched. The price of food in general has not gone down, as the government and the public anticipated, though the much-criticized middleman has had his activities limited and his profits curtailed.

Evidence has been accumulating to the effect that most retailers have been, and still are, charging all the traffic will bear. Food Administrator Hoover has recently complained of two flagrant cases in which they have failed his efforts to cheapen food to the consumer. In many places they have forced the public, he says, to pay \$1.50 to \$2.00 a barrel more for flour than is warranted by the price being paid to millers. And they have charged more for sugar than wholesale prices justified, often quadrupling their old profits. It would be easy to mention many other commodities for which abnormal prices are charged.

In most instances the retailer pleads "scarcity" as his justification. But it should no longer be necessary to point out that if scarcity, real or imaginary, was ever proper cause for boosting prices to consumers, it is not so now, whether the commodity be sugar or shoes or coal or anything else.

Suppose sugar is scarce! Why should the retailer therefore get more per pound for what he has to sell, when the government is enabling him to buy his supply at the same old price? Suppose customers are bidding against each other for the sugar. The only fair and patriotic thing to do is to distribute the supply as equitably as possible, without boosting prices and profits. Otherwise, while everybody else suffers from the scarcity, the retailer gains by it.

It is such exhibitions of unfairness as this which have occurred in so many cities, that are responsible for the present widespread cry for government regulation of retail prices. We shall have such regulation before long, in all important commodities, if the retailers do not fall into line voluntarily.

Suggestive of the effort being made by railroads to handle the increased demands on freight service, of which the greater part results from the movement of coal, the Pennsylvania system alone has discontinued 210 passenger trains in order to release the engines for freight service.

Breathitt county, Kentucky, famous for feuds and fighters, has furnished more than its quota of soldiers as volunteers. If these men sustain the reputation of their county they will do much to wipe out the stain that has rested so long on their country.

Along about the time the women finish canning foodstuffs, the men will be preparing to can some politicians.

Helping to Win the War

ARTICLE II.

Advice to Americans Between the Ages of Six and Sixteen.

Prepared for the Indiana State Council of Defense by George Ade.

Assuming that this letter is now being read by some boy or girl old enough to go to school but still young enough to be called kid, (by those who don't know any better) let us begin by asking the question, "Is it wrong to fight?"

Every boy or girl with civilized parents can answer that question.

It is not to be answered by "yes," or "no."

If we say "yes," we admit at once that our old friends George Washington and U. S. Grant were depraved characters, because they fought and then kept on fighting.

If Buffalo Bill once upon a time rode out across the plains and came upon a band of Indians attacking a settler's cabin and went dashing up with his scouts and killed a few red-skins, is there any boy in the world who would go back on Buffalo Bill and pick out some quiet, elderly real estate dealer as a substitute hero?

It's too foolish to talk about.

Suppose we say it is not wrong to fight. Then we remove all blame from the Indians that Buffalo Bill killed and we find ourselves so mixed up that probably we had better back up and take a new start.

In answer to the question, "Is it wrong to fight," there can be but one sensible reply, as follows: "It all depends."

Suppose a boy of 14 is walking along the street with his sister and the neighborhood bully swaggers around the corner and pushes the boy up against a fence and cuffs him alongside the head and then tries some insulting familiarities on his sister, and suppose the boy who thus humiliated and whose sister is in tears, suddenly remembers that he has been told to keep "out of fights!"

What shall he do?

Retreat to an alley, or stand up in defense of his own self-respect and try to protect his sister?

Suppose he says to the bully, "I believe in peace and no matter what you do to me, I won't strike back."

Then he would get a few more cuffs for good measure, and his sister would be ashamed of him and he

When that "little red wagon," as the new chemical truck has been dubbed in some quarters where they must have their little joke, speeded down Second street yesterday, republicans naturally felt that someone was going to be run over.

The republicans of Rushville did not give the proprietor of the democratic organ here a "square deal." They should have told him before the election they were going to flatten him out.

Insinuations and imputations of wrongdoing, as well as "cute" phrases, may be the bait that catches Ohio voters, but the Hoosier voter is no "sucker"—he thinks for himself.

It was easy enough to get the Kaiser out of those Chicago spellers, but it's another and altogether different job to get him out of the geography.

St. Patrick didn't have anything on prohibition when it comes to banishing snakes. It's rare you hear of a snake-bite in a bone-dry state.

Official Washington is wondering if the Japanese mission didn't overlook its hand. The matter of a loan was not mentioned.

The afflictions of the coal barons have completely eclipsed the woes of the ice man in public attention.

Did the local democratic organ do it? You can't make lots of democrats believe anything else.

It pays to advertise—that is if you have the goods.

Anderson—Inspection of 85,000 pairs of United States army breeches is the job of a government official here. The garments were made by the Ward-Silson company.

would be ashamed of himself and the little rowdy who attacked him would call himself coot of the walk and be a greater nuisance than ever before.

The United States of America is involved in hideous war because President Wilson and Congress and all persons who are warmed by red blood instead of being chilled by sarsaparilla pop had to make the same decision that every boy is called upon to make when he is jumped upon by a tough customer.

Another question (boys only): Did you ever let a boy up before he yelled "Enough" and then have the whole fight over again?

If so, you might go around in your neighborhood and give some valuable information to people older than yourself.

If you (this is for both boys and girls) went out into the woods for a picnic with another "bunch" of young people you knew and liked, and if your crowd had a basket of things to eat and the other crowd had a basket and some toughies came along and stole the basket belonging to the other crowd, would you give them something out of your basket, or let them sit over by themselves, hungry and miserable, and watch you stuff yourselves?

You'd play fair of course, even if you had to go a little hungry.

Mr. Hoover is now asking every boy and girl in America to play fair and divide up with the hungry youngsters of France and Belgium and Great Britain.

There isn't enough food in the world to go around if we are selfish and claim more than our share.

How can a boy or girl under high school age really help to win the war?

First join the Junior Red Cross. Then keep on saying, "I know Uncle Sam is right and I will pull for him until he wins."

Believe what you say. Root for the U. S. A. as you would root for your baseball nine or your basketball five.

Stand out on the edge of the sidewalk and cheer the soldiers as they swing by.

If you get a chance to hold yarn for a Red Cross knitter, do your "bit," and says to yourself, when your arms begin to get tired: "I am helping on a pair of socks, and these socks will keep a soldier warm and prevent him from being ill or discouraged. When the time comes for him to fight he will be in better condition and more willing to fight because he had these warm socks to wear."

Helping to Win War Gal 2. mans back to where they belong. There will be a great victory and I will share in it because I held the

GLASS OF JADE CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys healthy.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

yarn that knit the socks that warmed the feet that carried the man that chased the German that obeyed the Kaiser that has to be kicked before the world can go back to housekeeping."

Probably the children to whom we are now talking are better posted regarding United States history than are some of the people who talk about it.

The children have got the Declaration of Independence and Emancipation Proclamation freshly in mind and know what they were about and why.

They know that this country is dead set against slavery, either of the old-fashioned kind of chains and

shackles, or the modern sugar-coated German variety.

They know that our boys now in the training camps or on their way to France are getting ready to fight against the oppressions of a cruel despot, just as some other American boys once fought at Bunker Hill.

By the way, if you can find a man or woman who does not understand how the rights of a democracy are to be preserved when kings go on the rampage, you might loan this ignorant person your school history. Mark the pages relating to the Boston Tea Party, the Liberty Bell, Lexington, Valley Forge and Yorktown.

See if you can find any favorable mention of the pacifists of 1776!

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffing, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle or Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or pasty catarrh.

Democrats and Republicans

HAVE VOTED

The Subway

As Powerful as 5 Horses
Does as Much Work as 7 Horses
Costs Less than 4 Horses
Requires Less Care than 1 Horse
Less Room than 1 Horse
Eats Only When it Works

The Ideal Tractor

No other tractor on the market will do such a great variety of work, nor is it as correct in design and construction as the Moline Universal. It is the ideal for the horseless farm possible. It pulls the most 5-horse load—will do as much work as 7 horses, owing to its greater speed and endurance. It can be used for plowing, harrowing, planting, cultivating, haying and harvesting—in fact, all field work, and will deliver 12 horse-power on the belt.

A Real One-Man Outfit

The Moline-Universal is easier to handle than a team of horses, weighs about the same, turns in a 16-foot circle and will back with the implement attached. It is compact, strong and reliable. It is wonderful, wonderful and best of all, it is operated from the seat of the implement attached. This permits one man to operate both tractor and implement.

Cut the Cost of Horse Labor

The cost of horse labor is almost one-half the gross operating expense on the average farm. A farm horse averages only 3½ hours work a day through the entire year, and tires in six. It costs from 12 to 14 cents per working hour to maintain a horse, and requires 23 minutes a day to care for him, or fourteen ten-hour days a year.

And yet there isn't enough power to plow as deep as scientific methods require; to harrow more frequently, so that organic matter will be utilized; moisture conserved, and a good state of soil till maintained; to cultivate more frequently; and to harvest at the proper time.

Let us tell you how the Moline-Universal Tractor can reduce the cost of power on your farm. It will pay you.

**RUSHVILLE TRIMS
MORRISTOWN FIVE**

Wins Opening Game of the Season
Tuesday Night by Score of
38 to 20

ADVANTAGE OF FREE THROWS

Improvement Over Contest With
Same Quintet Last Year When
Margin Was 3 Points

Rushville high school defeated Morristown high school at basketball last night with a score of 38 to 20, in the opening game of the season at the Graham Annex gym. The boys here exhibited a good deal of speed and endurance, but not as much basketball as they will later in the season. The coach, R. J. Blank, is hopeful of making great improvement in the team and thinks by Friday evening, when they meet Connersville, they will be in excellent shape.

A number of fouls were made and the locals took advantage of the free throws in piling up the points. Throughout the game, they kept a margin of from 10 to 15 points ahead of their opponents.

Practically doubling the score on Morristown this year is an improvement over the game with the same team last year, when Rushville beat Morristown only 3 points. Morristown had the advantage, too, in that this is their third game of the season while it was the first for the local lad. Basketball fans are more than satisfied with the showing of the local team in the opening game. The summary.

**"SOLDIERS HEART"
NEWEST MALADY**

Disease is characterized by High Blood Pressure and Pulse Rate

CIGARETTES ARE THE CAUSE

(By United Press.) London, Oct. 15. (By Mail)—"Soldiers heart," the newest malady of the trenches, is caused partly by excessive smoking of cigarettes.

After a careful inquiry into the subject the Medical Research Committee has reported that cigarettes are a "contributory factor" to the disease. Examination of scores of soldiers suffering from "soldiers heart" convinced the investigators that heavy smoking superinduces it.

The malady is characterized by abnormal blood pressure and pulse rate. The nervous tension of men in the trenches is another factor, the investigators found.

**INDIANA D. A. R.
HOLDS MEETING**

Various Phases of The Red Cross Work Will be Explained by Mrs. W. H. Wait

DR. W. C. COVERT WILL SPEAK

(By United Press.)

Indianapolis, Ind., Nov. 7.—Delegates to the annual meeting of the Indiana Daughters of the American Revolution, gathered here today for the opening session at the Claypool hotel tonight.

"Woman's work in the war," will be the subject of an address at tonight's meeting by Dr. William C. Covert, pastor of the First Presbyterian church of Chicago. Dr. Covert has been associated with Herbert Hoover in food conservation work.

The patriotic work which the D. A. R. is undertaking, will be explained by Mrs. William Henry Wait of Ann Arbor, Mich., and Miss Florence Marshall, director of the Woman's bureau of the National Red Cross society, will tell of the various phases of Red Cross work.

SLEEPLESSNESS, SUICIDE

(By United Press.)

London, Oct. 15. (By Mail)—"Suicide while temporarily insane through sleeplessness," was the inquest verdict at Wallasey in the case of William Smith, age 41, chief officer of a Liverpool steamer torpedoed recently. Smith was in an open boat five days. Three of his companions died and one went insane the day before rescued. Smith never recovered from the effects of the five days. A few days ago he was found with his throat cut.

Rochester—Many requests have been made to truant officer, A. T. Vitters, by parents for permission to keep their children out of school to help on the farm. So far twelve requests have been granted.

WANT ADS BRING RESULTS

**FIGHT
FOR YOUR LIFE**

**Duty Demands
Robust Health**

Fight to get it and keep it

Fight—fight day in and day out to prevent being overtaken by ills and ails. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay its course and drive it off.

But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the palor spreads and weakness grows and a seemingly strong man or woman oftentimes becomes a prey to ills after all.

You will not find this class of persons in the hypoferrin ranks. No unhealthy, dull, draggy, droopy persons in that line. It is a hale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hypoferrin stands for sound body and sound mind—it is the invigorating tonic of the times—powerful and unsurpassed as a health restorer, vitalizer and health preserver.

Fight to hold the vigor of a sound body with hypoferrin or to start the process of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles.

Hypoferrin contains these mighty strength-producing agents, lecithin and iron peptone, in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood. In nine cases out of ten a run-down condition, sallow, pale complexion that "all in" fellow and frail bodies are due to a lack of lecithin and iron peptone in the system.

Your mental and physical strength and endurance depends upon a lecithin and iron peptone laden blood; steady, dependable nerves and a healthy stomach. With these you can meet life at any angle.

This wonder tonic, hypoferrin, which is as perfect as science can get to nature, meets every essential demand of the human organism. It is safe and sure and a boon to run-down, worn-out men and women. Hypoferrin means nature's own way of giving color to the cheeks, strength to the body and keeping the vigor and buoyancy of youth. The power and painless way of effecting beauty is not needed by hypoferrin women and girls. Their blood, filled with nature's beauty stores, creates conditions that give firmness and grace to the body and the glow of health to the cheeks.

It is a tonic that drives life stably and always feeling miserable in this age of medical science. Join the hypoferrin ranks. It puts into you the springy snap and vigor you ought to have and puts life into your body and mind that inspires the confidence that you common the world over an equal looking with anyone.

Hypoferrin may be had at your druggist's or direct from us for \$1.00 per package. It is well worth the price. The Sentinel Remedies Co., Cincinnati, Ohio.

DRINK HOT TEA
FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lame-ness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

GOOD PROVIDER'S FAMILY

Pa says food, of quality, Sure will make a man of me !!

I'm going to be a Good Provider like my Pa when I grow up cause Ma sure does love him and when I grow up and get married I sure do want my wife to love me. She will.

SOCIETY

Social Calendar

Tuesday

Thursday Bridge club with Mrs. Carl Gunning, 329 West Tenth street.

Social Dozen Club with Mrs. Charles H. Brown, 220 West Fourth street.

Ladies Aid society of the Catholic church with Mrs. Philip Heeb, 206 Buena Vista Avenue. Mrs. Catherine Horr assistant hostess.

Knights of Pythias dance in the K. of P. hall in the evening.

Pirate Bridge club with Mrs. Harrie Jones, 837 North Harrison street.

Priscilla Art club with Mrs. Sherman Hill at her home near Lewisville.

Louise Wyatt, Elizabeth Pierson and Helen Matlock. The home was decorated with potted plants and ferns in honor of the occasion. The hostess served dainty refreshments.

Miss Roberta Muire entertained with an informal Rook party last evening at her home in West Seventh street, honoring her fourteenth birthday. The guests were the Misses Joan and Margaret Weakley, Lillian Priest, Magdaline Arbuckle, Virginia Haydon, Lavina Compton, Jean Sparks, Margaret Kelly, Mary

At the meeting of the Ladies Aid society of the Methodist church yesterday afternoon at the home of Mrs. R. G. Budd about forty of the members were in attendance. Mrs. Ed Pitman and Mrs. Clara Ruddle were the assistant hostesses. During the business meeting plans were made to have a penny supper to be given soon and the final arrangements for the reception to be given for the Rev. and Mrs. Clyde S. Black at the church this evening were discussed. The next regular meeting will be in two weeks.

At the meeting of the Loyal Daughters class of the Christian church last evening with Mrs. Norman Crum at her home in West Seventh street, about twenty-five members were present. The girls decided to meet once every week and sew for the Red Cross, instead of having bi-monthly meetings. Last evening was given over to Red Cross work and the hostess and her assistants, the Misses Ruth and Geneva Crull and Mrs. Ernest Carpenter, served splendid refreshments.

On their return home from an extended trip to Detroit, Mich., Mr. and Mrs. Albert Sweet found a number of guests gathered at their home in North Sexton street last night. The guests were all masked and had come prepared for a sumptuous pitch-in supper. The guests were: the Misses Effie Young, Henrietta and Bertha Schantz, Maud Smith, Oma Cox, Mayme Kuntz, Ethel Oakley, Elinor Doll and Mrs. Charlotte Havens and Mrs. Katherine Williams.

About thirty members of the W. R. C. were entertained yesterday afternoon by Mrs. Syders at her home in North Harrison street. A guessing contest was a feature of the meeting. Mrs. Will Morgan and Mrs. Dye being the winners of the prizes. The first Tuesday in November is the date set for the business meeting.

The first meeting of the Busy Bunch club was held with Mr. and Mrs. Willard Amos last evening at their home in North Perkins street. Mrs. O. M. Harton, Miss Lucy and Will Inlow, Mrs. Talbert, Mr. and Mrs. A. L. Stewart and Mr. and Mrs. Albert Winship, were entertained with a pitch-in supper.

Mr. and Mrs. L. B. Downey entertained with a high noon dinner yesterday at their home in North Sexton street. Covers were laid for Mr. and Mrs. Orville Collier and son and Mr. and Mrs. Webb and daughter Helen and son Artie.

One of the first dances of the season will be given in the Phi Delta Kappa hall on Friday evening of this week following the bas-

Council to Be Represented At Women's Meet

Mrs. A. L. Stewart, Member of County Defense Body, Will Attend Session in Indianapolis Tomorrow to Organize Women in War Work.

SOUTH BEND WOMAN HOSTESS

The Rush county Council of Defense will be represented at the meeting of Indiana women workers in Indianapolis tomorrow by Mrs. A. L. Stewart, the woman member of the Council in this county. The Council of Defense has been the force behind a number of the war activities in this county. The meeting tomorrow is being held to make plans for completing a state-wide women's war work organization and for pushing activities along many definite lines in which women are proving effective. The meeting will begin at 2 p. m. at the Chamber of the House of Representatives, State House. A luncheon will be held at the Ayres Tea Room at 12:30 when the women workers will be the guests of Mrs. Anne Studebaker Carlisle of South Bend.

Mrs. Carlisle has called together 250 women workers from all parts of the state for the meeting. Mrs. Kellogg Fairbank of Chicago a leader in women's war work in Illinois will speak of the women's work in her state and Captain Hugh Knivett of the Australian forces in France will speak on the war. He is said by some one who heard him in Chicago that his speeches are the best yet heard in this country on the war. The public is invited to attend the meeting at the State House in the afternoon and workers in the Council of Defense from this county are urged to attend.

ketball game. Excellent music from Connerville has been procured for the affair.

Miss Mabel Conner, daughter of Mr. and Mrs. Morton Conner and Harry B. Meyer, son of Mr. and Mrs. Miller Meyer, were quietly married last evening about 6:30 o'clock by the Rev. D. Ira Lambert, pastor of the First Presbyterian church. Mr. and Mrs. Meyer went immediately to their newly furnished home in West Third street.

A reception is to be given this evening in the parlors of St. Paul's M. E. church, honoring the new pastor and his wife, the Rev. and Mrs. Clyde S. Black. An informal program will be given after which the guests will enjoy a social good time. The members of the church and their families, the friends of the congregation and the ministers of all churches are invited and urged to attend.

Mrs. Carl Behr was hostess to the members of the Wednesday Afternoon Bridge club yesterday at her home in North Main street. Two tables of guests were entertained and the hostess served refreshments.

Cough? Feverish? Grippy?

DR. KING'S NEW Discovery
for Coughs & Colds

AT THE first sign of a cold—feverishness, sluggishness, tightness in chest, sniffing and sneezing—go to the nearest drug store and get a bottle of Dr. King's New Discovery. The first dose brings relief.

This old reliable preparation has been recommended and used successfully for coughs and colds for fifty years. It's years of use recommend it.

Your druggist has
sold it for years.
Try it.

HOME BEAUTIFIERS

With the advent of November, everyone begins to think more about how to make her home cozy and attractive for the winter months. Essentially "homely" is what she wishes to make it. Nothing will contribute more to this effect than the change brought about by new draperies and floorcoverings.

The curtain materials and over draperies are commendable for their taste and beauty of design and excellent quality. Only an inspection can reveal the scope of the stocks—the endless possibilities for home adornment which these fabrics possess. Quality considered, the prices are very reasonable. Some of the materials are fine filet nets, imported Scotch grenadines, Saxony nets, cretons, voiles, marquises, and wonderful combinations of colors in madras, in tapestry and conventional designs.

Floorcoverings in every conceivable shape, color and size in exceptionally large variety are offered here for your approval. Whatever you wish in this line, you will be doing yourself an injustice to purchase without seeing our immense showing. Rugs in all sizes and qualities, axminster, velvet and tapestry carpets, and linoleums—roll after roll of them. "Victor" hand made window shades are sold by this store exclusively.

Save money by buying carpets, rugs and draperies here.

MEASLES, MUMPS
ARE IN BATTERY A

Sergeant Cleo Emsweller of Rushville is Among Patients Afflicted With Former Disease

QUARANTINE REGULATIONS

Most of Men in 139th Infirmary
Are Issued Blouses and All
Have Gloves

(Special to the Daily Republican.)

Camp Shelby, Miss., Nov. 7.—Measles and mumps have broken out in three batteries of the 139th Heavy Field Artillery here—A, B, and F.

The former battery being composed of the men who were formerly in Company A of Decatur, Ind. and Company B of Rushville, Ind. The cases of mumps have been confined to one battery, but men from all three of the batteries have the measles.

Cleo Emsweller of Rushville, sergeant in Battery A is one of patients having measles. The patients are isolated in the rear of the infirmary tents and the batteries affected are confined to their battery streets to prevent the diseases from spreading.

The 139th infirmary hospital now has a capacity for twenty-five patients. This week the infirmary was issued twelve white enameled beds for the hospital. The beds have hair mattresses and pillows. All patients above twelve in the hospital at the same time have to have their cots brought in from their tents.

Bert Conde and Jerome Caron of

Rushville spent two or three nights out here during their stay at Hattiesburg and they both have some nice stories to tell about being stopped by the guards.

Most of the men in the infirmary have received blouses and all have gloves. They are expecting overcoats next.

Camp Shelby, which recently received and assimilated three thousand men of the National Army from Kentucky and Indiana, is ready for three thousand more and has so instructed the War Department, according to the statement of Brigadier General E. M. Lewis, commandant at the camp.

The men were sent to Camp Shelby to fill the gaps in all regiment and separate battalions left by the reorganization of the army to double strength for war service. Six thousand are to come here and half of this number already are on the ground and have been assigned to their commands, which scattered them throughout practically every unit in the camp.

They double the pleasure and satisfaction to be obtained from a motor car. They banish the control of weather over the enjoyment of motoring—make the use of the motor car equally pleasurable under summer's skies or midst winter's storms.

THE UNIVERSAL CAR

When you buy a Ford car you buy an established quantity, a proven quality—a motor car that is giving satisfaction in practically every form of service under every condition where an automobile can be used. A car that may be depended on in every circumstance. No one will dispute this fact. Then why not place your order for a Ford at once? Runabout, \$3

Died of Premature Old Age!

How many times we hear of comparatively young persons passing away when they should have lived to be 70 or 80 years of age. This fatal work is usually attributed to the kidneys, as, when the kidneys degenerate, it causes auto-intoxication. The more injurious the poisons passing thru the kidneys the quicker will those noble organs be degenerated, and the sooner they decay.

It is thus the wisest policy, to prevent premature old age and promote long life, to lighten the work of the kidneys. This can be done by drinking plenty of pure water all day long, and occasionally taking a little Anuric (double strength) before meals. This can be obtained at almost any drug store. You will find Anuric more potent than lithia for it dissolves uric acid almost as water does sugar.

A PROMINENT MAN SPEAKS.

Fort Wayne, Ind.—"At one time through exposure I caught a severe cold which settled on my lungs. I coughed continually. Had very little rest day or night, just about the time I would have to sleep I would have a severe fit of coughing. I soon lost weight and grew weak. I thought when it became warmer this would all leave me but it did not. About four months had passed without my getting any better, although I doctored and took medicine. Everyone thought I was going into consumption and I firmly believed so myself. I was in very bad shape when I learned of Dr. Pierce's Golden Medical Discovery. I had only taken it a few days when I began to get relief and felt assured that I had at last found the right medicine. Three bottles of the 'Discovery' completely cured me. I gained in weight and was once more hale and hearty. —GEORGE F. AICHELE, 68 Portage Ave.

ASKS FOR HELP TO SUPPRESS DISLOYALTY

Premier Kerensky Calls on Government to Prevent Seizure of Power by Maximalists

SOLDIERS URGED TO DISOBEY

(By United Press.)

Petrograd, Nov. 7.—Flatly declaring that the Maximalists "threatened to open the front to Germany," Premier Kerensky today asked the preliminary parliament if it would support the government in suppression of their attempts to seize any military or civil powers.

A definite break between the local council of workmen and soldiers and the Russian general army staff came today. The council's military committee ordered troops to disobey orders from the war ministry summoning them to Petrograd.

The government authorities acted promptly. They raised the draws of all bridges over the river connecting the workmen's quarters in the city and suppressed one Maximalist and two reactionary newspapers. Kerensky's open indication that he proposes to use all governmental powers in crushing the attempts of the malecontents of the extreme radical ranks to control in Russia has been practically forced by the action of leaders of the Petrograd council of workmen and soldiers in canvassing the soldiers of the Petrograd garrison.

The garrison has been asked to disobey any orders from the government unless approved by a military committee from the council.

Frankfort—Lights will be erected around Frankfort to guide army aviators flying over the city at night.

DOCTOR GAVE THIS RUN-DOWN WOMAN VINOL

And She Got Well—Her Nervousness Disappeared

Flint, Mich.—"I keep house for my family of six and got into a generally run-down condition. I was weak, nervous and could not sleep, and had headache a good deal of the time. My doctor prescribed Vinol and it made me well and strong. I am a good deal less nervous and can sleep nights."—Clara Smith, 1213 W. 4th Ave., Flint, Mich.

We sell Vinol on a positive guarantee to make nervous, weak, run-down women well and strong or return their money. Try it anyway.

F. B. JOHNSON & CO., Druggists, Rushville, and at the best drug store in every town and city in the country.

OBITUARY

Samuel Griffith was born in Orange township, Rush county, Indiana, August 10, 1838; died October 26, 1917, after a short but painful illness which he bore with Christian patience. He was the son of John and Margaret Feaster Griffith.

He was married to Susan Apple October 29, 1865, and to them were born three children, two sons and a daughter, Van Elias, Elmer and Carrie. Van Elias died in infancy. Bro. Griffith's wife preceded him to the better world by only two months and four days, having spent their entire married life of almost fifty-two years on the same farm.

He united with the Ebenezer M. E. church in 1881, where he remained a faithful, devoted member until his death.

Bro. Griffith was a man of strong domestic tastes, greatly devoted to his family. His faith never wavered, his convictions were undisturbed. A useful life has closed its earthly mission. Surely may it be said of him, "He hath done what he could."

Since to all earthly work an end must come, our words of farewell to a fellow workman should not alone be those of grief that man's common lot has come to him, but of pride and joy that his task has been done worthily.

"Blessed are the dead that die in the Lord, henceforth; yea, saith the spirit, that they may rest from their labors, and their works do follow them."

ONE CHANGE MADE IN HOG MEETINGS

Gowdy Session Will be Held Friday Evening in School House After Revival Service

PRACTICAL MAN WILL SPEAK

Necessity of Increasing Hog Production on Account of Shortage Purpose of Campaign

The meetings to be held tomorrow and Friday at six points in the county in the interest of increasing hog raising, have been arranged for and plans are moving forward for their success. One change of time has been made for the announcement made yesterday.

The meeting at Gowdy on Friday evening will be held about eight o'clock in the school house after the services at the Gowdy Christian church. For the convenience of those in that neighborhood, the meeting was made to follow the revival service. M. F. Dietrick of Ohio, emergency demonstration agent for Rush and Hancock counties and L. B. Morgan of Galveston, Tex., a practical hog raiser, will have charge of the meetings.

The meetings are to be held at the following times and places: Thursday, 10 a. m.; George Green farm in Richland township; 2:30 p. m. George Looney farm near Gings; 7:30 p. m. Mays school; Friday morning 10 a. m., Frank Sample farm in Posey township; 2:30 p. m. Elmer Hutchinson farm near Arlington; 8 p. m. Gowdy school house.

In reference to the shortage of hog meat, J. W. Schwab of the animal husbandry division of Purdue says:

"During 1916 and up to September 1, 1917, there was a decrease of 5,427,000 hogs in the U. S. Indiana has a hog shortage of approximately 20%. In other words where we had one hundred hogs a year ago we now have only eighty. The other swine producing states are all short of the normal supply. The report comes from Europe that there is a shortage of 115,005,000 heads of cattle, hogs and sheep. This extreme shortage is serious. It is growing daily and no doubt will continue until the end of the war. An immediate resumption of the normal supply of animal products cannot be expected even for many years after the war. It takes time, several years, to fully replace the breeding herds and flocks of the country."

Europe, and America too, need more meats and fats. This condition is proven by the extreme high prices now prevailing. The hog problem is of greatest concern. Hogs lend themselves to rapid increase and this is the only satisfactory outlook of the immediate situation.

Where Indiana farmers bred 20 sows and gilts a year ago, 24 will

have to be bred this year to reach

the normal supply of hogs during

1918. Unfortunately Indiana has on

hand this year an enormous amount

of soft corn. The only possible way

in which a profit can be realized is

to market it through live stock. The

large number of pigs which are being

shipped to market should be retained

on the farms to consume this

corn. This feed must be fed before

spring opens up. Good brood sows

and gilts suitable for breeding pur-

poses should not be sold and shipped

to the central markets. When they

reach the markets they are lost.

Strive to keep these sows at least

until they have produced a litter of

pigs. The country has an abundance

of feed. The U. S. Department of

Agriculture estimates that there is

one billion more bushels of feed

produced this year than last.

FORTIFYING AZORES.

(By United Press.) Buenos Aires, Nov. 7.—Madrid dispatches received today assert that United States forces are fortifying the Azores and quoted Lisbon newspapers as protesting and demanding explanation.

PREDICTS PEACE THIS YEAR

(By United Press.)

Paris, Oct. 15. (By Mail)—"Peace before the year has ended." That is the firm conviction of Herr von Rosenberg, an Austrian financier, who is said to be "in the secret of the gods."

JAPAN'S INTERESTS ARE NOT NEW ONES

May be Compared With The Interests Which United States Has In Mexico

CHINA RESENTS THE ACTION

By ROBERT J. BENDER

(U. P. Staff Correspondent.)

Washington, Nov. 7.—Japan's special interest in China recognized in an agreement just made public between Secretary Lansing and Viscount Ishii, are rights which the United States has always recognized. They may be compared to the interest the United States feels with regard to Mexico. They are not new rights.

This was stated today by one who had a part in the negotiations which preceded the exchange of notes on November 2. The agreement does not bind China to anything. China was not consulted. The position of the United States with regard to China is no way altered nor are any American financial or commercial interests recognized.

China is said to regard the signing of the agreement as an infringement of her sovereignty and a slight on her dignity. A protest is anticipated.

That Japan's "special interest" do not give Japan a "sphere of influence in China" was stated today by officials.

REPUBLICANS SET A RECORD IN THIS CITY

Continued From Page 1

All of the republican candidates except the treasurer made gains in their majorities over those recorded by republicans four years ago, but the fact must be taken into consideration that there were three candidates in 1913.

Carl Gunning had a majority of 92 and a plurality of 298 four years ago as compared to Earl Osborne's majority of 234 this year. John P. Stech had a majority of 98 and plurality of 292 as against George Helm's majority of 26. The republican candidates for councilmen-at-large four years ago received majorities of 100 and 128 and pluralities of 295 and 307 as compared with majorities of 137 and 132 given the candidates for the same office this year. In calculating the majorities of councilmen-at-large, the two highest opposing candidates are matched against each other.

E. A. Lee, elected in the second ward, which is normally democratic, has a majority of 39. Four years ago the republican candidate received no majority and had a plurality of only 20 over the highest candidate. In the first ward, Frank Abercrombie piled up a majority of 89 and four years ago the successful candidate had a majority of only 59, but a plurality of 106. In the third ward this year A. P. Wagoner was re-elected by a majority of 40 as against four years ago when he had no majority, but a plurality of 95 over the democratic candidate.

Europe, and America too, need more meats and fats. This condition is proven by the extreme high prices now prevailing. The hog problem is of greatest concern. Hogs lend themselves to rapid increase and this is the only satisfactory outlook of the immediate situation.

Where Indiana farmers bred 20 sows and gilts a year ago, 24 will

have to be bred this year to reach

the normal supply of hogs during

1918. Unfortunately Indiana has on

Notice of Administration

(By United Press.)

Notice is hereby given that the undersigned

has been appointed by the Clerk of the Circuit

Court of Rush County, State of Indiana,

Administrator of the estate of Samuel Griffith

REPUBLICANS SET RECORD IN THIS CITY

First Time in History of Rushville
That Party in Power is Returned
to Office.

WHOLE TICKET IS ELECTED

Earl E. Osborne, Clerk-Elect, Leads
Republican Candidates With
Majority of 234.

A. B. IRVIN'S MAJORITY IS 158

Many Things Contribute to Victory,
Not Least of Which is Character
of Campaign Against G. O. P.

The republicans made history in
the city election in Rushville yester-
day.

The whole ticket was elected. It
is the first time on record in Rush-
ville where the party in power was
returned to office. It was clearly an
endorsement of the present adminis-
tration, which is regarded as having
the best business record of any
council ever serving in Rushville.

Earl E. Osborne, who was elected
clerk over Charles G. Newkirk, led
the republican ticket with a majori-
ty of 234 votes. George Helm, who
was elected treasurer over Knowles
Casady, was the low man on the
ticket, winning by a majority of 26
votes. Arthur B. Irvin, republican
candidate for mayor, has a majority
of 158, receiving 701 votes as com-
pared to 543 votes for his demo-
cratic opponent, John D. Megee.

Republicans were very much elated
over the victory, not only be-
cause it is the first time in the city's
history that an administration has
not been repudiated, but for the ad-
ditional reason that it is the fourth
straight victory for the party in this
county. Republicans carried the
county in the congressional and the
county election of 1914, after the re-
versal of 1912. They also carried
the county in the general election of
1916, and again in the special con-
gressional election held this year to
select a successor to the late Daniel
W. Comstock.

Many democrats were disposed to
blame the local democratic organ for
their defeat. There is little doubt
but that many independent voters as
well as men who seldom vote any-
thing but the democratic ticket were
antagonized by the character of the
campaign conducted by the news-
paper. The injection of personali-
ties spurred many republicans on to
greater activity and aroused them
from the lethargy which character-
ized the campaign up until a few
days before the election.

Although the submarine attacks
on the republican candidates were
an element which contributed to the
victory, there is little doubt but that
the record of the present adminis-
tration figured largely in winning a safe
majority for the republican ticket.
The campaign was made by the re-
publican candidates solely in the
business-like administration of af-
fairs by the city officers now in
power. Their record was so good
and impregnable that the democratic
searchers for a campaign issue had
to resort to subterfuge and other
methods not generally used in cam-
paigns here to stir up lots of smoke
where there was no fire.

Yesterday's predictions of a tight
vote were proved by the official elec-
tion returns to be true. The total
vote cast for mayor was 1,244 as
compared to 1,478 cast four years
ago, a loss of 234. There were three
candidates in the field four years
ago. Mayor Beabout had a majority
of 104 over his opponents, but his
plurality over the democratic candi-
date was 357 as compared to Mr.
Irvin's majority of 158 this year.

PATROL BOAT SUBMERGED

Alcedo Submarines With Probable
Loss of 21 Men

(By United Press.)

Washington, Nov. 7.—Following
closely the first casualty list in
French fighting, the navy department
made public today a list of one of
ficer and twenty men missing from
the American patrol boat Alcedo,
submarined Monday.

The Alcedo, a converted yacht,
apparently was hit in a vital spot,
as only four minutes elapsed before
the vessel plunged below.

ALLEGES SQUIRE KEPT THE JUDGMENT

Gunn Haydon Charges James Krat-
zer Collected \$30.67 and Con-
verted it to Own Use

BONDSEN ARE MADE PARTIES

The ease of the state on the rela-
tion of Gunn Haydon, local hard-
ware dealer, against James Kratzer,
justice of the peace, and his bondsmen,
Hyman Schatz, junk dealer
and P. H. McConnell, former Rush-
ville druggist, was filed in the cir-
cuit court this afternoon to collect
\$30.67 alleged to have been collected
by Kratzer and converted to his
own use.

The complaint sets forth that Mr.
Haydon obtained a judgment against
Harry Colter for \$30.67 in Squire
Kratzer's court May 24, 1917. The
plaintiff declares Colter paid the
judgment the same day, but that
Kratzer had never given him the
money though he has been repeat-
edly requested to do so.

McConnell, one of the squire's
bondsmen, has left the city and a
suit brought by Schatz, in which he
asked to be released from the
squire's bond is pending in the cir-
cuit court.

PROHIBITION STILL IN DOUBT IN OHIO

With 574 Precincts Out of 5,756
Heard From, Wets Are Leading
by 13,112 Votes.

EXTREME CLOSENESS FEATURE

(By United Press.)

Columbus, O., Nov. 7.—With 574
precincts missing out of a total of
5,756 in Ohio, the wets were leading
the drys by 13,112 this afternoon on
the face of unofficial returns from
the prohibition election.

To turn the tide the drys will have
to make a gain of 23 votes in each of
the remaining precincts.

The extreme closeness of the vote
on prohibition was the outstanding
feature of the election yesterday.

First returns last night indicated
dry victory by as much as 35,000.
During the night the tide turned in
favor of the wets. By morning the
drys came back with favorable re-
turns. At noon, however, wet
strength began to show itself. As a
result of these conflicting returns,
the result is very much in doubt.
Both sides are claiming to have won.

CAPTURES PALESTINE TOWN

(By United Press.)

London, Nov. 7.—Capture of Gaza
by General Allenby's expeditionary
army in Palestine was formally an-
nounced today.

The Egyptian expeditionary force
also reported its capture of a vil-
lage 11 miles north of Beersheba
taken yesterday. Further to the
east, the war office announced, the
whole Turkish defenses had been
taken.

The report puts the British army
only 29 miles from Jerusalem.

Continued on Page 2

WEATHER

Fair tonight and Thursday;
Temperature same.

CULTURES ALL NEGATIVE

No More Children Found to be Car-
rying Diphtheria Germs.

All of the cultures of children re-
ceived by Dr. Coleman, school doc-
tor, during the last few days have
returned negative, showing the chil-
dren did not have diphtheria germs.
Several who have been exposed were
quarantined until the report of their
throats was returned. The school
children who were not examined
when the cultures were first taken
were examined later and these cul-
tures have been returned also.

MANY CITIES IN STATE GO REPUBLICAN

Mayors Are Elected in Terre Haute,
South Bend, Fort Wayne, Ko-
komo and Richmond.

TAMMANY WINS IN NEW YORK
Although Democrat, is Elected May-
or Woman's Suffrage Carries in
State by 90,000.

NEW MEXICO IS VOTED DRY

Mayor Bunch of Muncie and Mayor
Bosse of Evansville, Democrats,
Are Re-elected.

WOMAN'S SUFFRAGE WINS

(By United Press.)

New York, Nov. 7.—New York has
two million voters today. Woman's
suffrage is winner in the state by a
majority of more than 90,000. Up-
state districts cut down the lead
which was rolled up in New York.
Tammany districts went strong for
suffrage. Tammany is back in power
in New York today after the
greatest show of strength in its history.
John F. Hyland was elected
mayor yesterday by a plurality of
more than 140,000.

NEW MEXICO GOES DRY.

Santa Fe, New Mexico, Nov. 7.—
The statewide prohibition amend-
ment carried every county in the
state, according to unofficial returns.

The anti-saloon league claimed a
majority of 20,000 for the amend-
ment.

EDITOR ELECTED MAYOR

(By United Press.)

Newcastle, Ind., Nov. 7.—George
Elliott, editor and publisher of The
Newcastle Courier, was elected may-
or by the narrow majority of 87
votes yesterday. The whole republi-
can ticket was elected with the ex-
ception of two ward councilmen.

REPUBLICANS WIN.

(By United Press.)

Connersville, Ind., Nov. 7.—The
whole republican ticket was elected
here yesterday by safe majorities
with the exception of the candidate
for treasurer.

Indianapolis, Ind., Nov. 7.—Re-
publicans in several Indiana cities
are jubilant over their success in
Tuesday's municipal elections.

At Terre Haute, long a democratic
stronghold, Charles R. Hunter (Rep.)
defeated James M. Gossom (Dem.)
by a plurality of more than 2,700.

Ft. Wayne, which has been known
as the Gibraltar of the democratic
party, elected W. Sherman Cutshall
(Rep.) mayor.

Elanah Hulley (Rep.) was elected
at Marion on a decent government
platform, which insures the elimination
of "blind tigers."

South Bend elected Dr. Franklin
R. Carson (Rep.) by a small plural-
ity.

At Kokomo Isaac Wright (Rep.)
was successful, and at Huntington,
Charles M. McGrew, also Republi-
can, was elected. Other cities elect-
ed Republican mayors include Craw-
fordville, Batesville, Bedford, Bick-
nell, Bloomington, Brazil, Bluffton,
Columbus, Cannetton, Columbia City,
(former home of Vice-president
Marshall), Delphi, Greencastle,
Greensburg, Greenfield, Lebanon,
Logansport, Monticello, Noblesville,
Rensselaer, Rising Sun, Rockport,
Sullivan, Union City, Manchester,
Aurora, Angola, Butler, Clinton,
Connersville, Dunkirk, East Chicago,
Frankfort, Franklin, Garrett, Gary,
Goshen, Hartford City, Jefferson-
ville, Kendallville, Madison, Martins-
ville, Mitchell, Mt. Vernon, New Al-
bany, Portland, Princeton, Rich-
mond, Terre Haute, Vevay, Westville.

A SHORT SESSION IS HELD

Additional Bill Amounting to \$228.50
On Account of Epidemic Al-
lowed by City Council

CONSERVATION OF DAIRY PRODUCTS

Barnard Urges Housewives to Sub-
stitute and Save Butter For
The Allies

USE, MORE JAM AND JELLIES

(By United Press.)

Indianapolis, Nov. 7.—State Food
Administrator H. E. Barnard today
made a plea for the more econom-
ical use of dairy products. He
urged the substitution of jellies and
jams for butter when spread on
breads. His statement follows:

"Our allies are calling for larger
and larger supplies of dairy products.
Last year we sent them three
times as much butter and ten times
as much condensed milk as we used
to send them before the war. This
year we must not only send as much
as last but even more. Dairy prod-
ucts either milk or butter are nec-
essary childrens food but if the lit-
tle ones around the table get plenty
of milk they can do without butter.
We can cut down the use of butter
at the table by spreading slices of
bread thickly with the fruit pres-
erves we have been putting away
through the summer and with the
apple and peach butter which we
are now boiling down. Jams, jellies
and preserves are different
foods from butter. They are rich
in sugar. Butter on the contrary is
almost pure fat. They cannot be
wholly substituted one for the other,
yet there is little danger that the
excellent products made from sur-
plus fruits of our gardens and or-
chards instead of butter which more
and more has come to be the almost
universal 'spread' for bread."

Mrs. Effie L. Cunningham of Indi-
anapolis, international secretary,
made the last address during the
session when she spoke on, "What
Then Shall We Do With Jesus?"
Mrs. Cunningham's talk was intense-
ly spiritual and interesting. During
the meeting, the chairman used the
chards instead of butter which more
gavel sent to Mrs. William Alexander
by Mr. Long of Kansas City. On
Mrs. Alexander's suggestion, Mr.
Long had gavels made from a log
and more has come to be the almost
universal 'spread' for bread."

Mrs. Mike Onal spent the day
in Indianapolis.

CITY TEACHERS TO HOLD AN INSTITUTE

Will be Addressed Saturday by
Prof. O. H. Williams, State
High School Inspector

SUBJECTS OF HIS ADDRESSES

The second teachers institute will be held at the Graham High school building, Saturday, beginning at nine o'clock. Prof. O. H. Williams of Indianapolis, state high school inspector, succeeding the late J. B. Pearcey, will speak in the forenoon. He will give an address to the Institute at 9:15 on the "Problem Method in Teaching." Prof. Williams was formerly an instructor in Indiana university giving especial attention to methods in teaching history. At 10:30 Prof. Williams will talk to the high school section on "High School Organization."

The teachers are asked to be prepared upon the following topics:
1.—What is meant by the "Problem Method" in teaching?
2.—Illustrate the Problem Method in your own subject.
3.—What are the advantages of the "Problem Method?"

BRITISH BOMBARD KEY TO GERMAN LINE

Capture of Passchendaele Brings
Them Within Five Miles of the
Railroad Center.

U. S. OFFICERS SEE ASSAULT

By WILLIAM PHILIP SIMMS
(U. S. Staff Correspondent.)

With the British Armies, Nov. 7—British artillery today was bombarding Rouliers, key to the German line of communications to the submarine bases. Capture of Passchendaele in yesterday's great push brought the British lines to within five miles of the railroad center. From behind the lines British heavy guns immediately began their bombardment of Rouliers, which continued today.

Capture of Passchendaele and neighboring villages put the British on the very top of the Passchendaele ridge and with only a small remaining bit of the highland still in the enemy's hands. He was clinging desperately to this today. High American officers saw the British go over the top in the victorious assault.

COAL JOBBERS NOT TO GET COMMISSION

State Fuel Administrator Makes it
Plain His Office is Not For
Their Profit

ASK USUAL 15 CENTS A TON

Indianapolis, Ind., Nov. 7.—Members of the Indiana Coal Jobbers association conferring with federal fuel administrator for Indiana, Evans Woollen here today, were told that the coal administration was not to be used as an advertising agency for the profit of the jobbers.

The jobbers asked that where the fuel administration supplies coal direct from a mine to the retailer, that the jobber from whom the retailer has been accustomed to procuring his coal be allowed the regular fifteen cents a ton profit. Woollen refused the request but agreed not to supply coal to a retailer unless the retailer proves that he is unable to procure coal from the jobber.

IS NOT GOING TO ITALY

139th Artillery Not to be Sent
Abroad at Once—Unfounded Story.

An unfounded rumor was current today that the 139th regiment of artillery at Camp Shelby, Miss., would probably be ordered to Italy within a few weeks. It was probably based on the news that has reached here that when the regiment does go abroad, it may go to Italy or Russia instead of France. However, as far as they know now, they will not leave for the front any sooner than they expected to when they left Indiana. The fact that Mrs. Ernest Mitchell received a telegram from her husband to come Friday added to the story, but Mrs. Mitchell was expecting to go to Camp Shelby.

GRACE ADAMS DIES TODAY

12-Year-Old Daughter of Milton
Adams of Fairview Expires.

Grace Adams, the daughter of Mr. and Mrs. Milton Adams of Fairview, died at the home of her parents in Fairview today at 12:30 o'clock. She would have been thirteen years old in January. The death was caused from heart trouble and complications which have come up during her sickness of the last three months, three weeks of which she has been confined to her bed. Miss Adams had a host of friends and is survived by her parents and one brother, Claude. The funeral arrangements have not been completed.

TRY TO RELEASE GERMAN SPY

(By United Press.)

Houston, Texas, Nov. 7.—A daring attempt was made here early today to release Heibert Ramm, alleged German secret service agent confined in the guard house in the heart of Camp Logan. Shots were fired. No one was hit so far as is known.

Hannibal—This city has organized an American alliance to stamp out pro-Germanism.

Vincennes—Mayor James House gave William French, a wealthy farmer who said to help with the Liberty Bonds, the choice of buying \$500 worth of bonds or going to the penal farm.

—R. H. Jones was a business visitor in Indianapolis today.

—Miss Dove Meredith returned to Indianapolis this morning after a visit with relatives in this city.

—J. L. Endres went to Chicago last night on a short business trip.

—Miss Lena Buell of Raton, New Mexico has returned to this city for an extended visit with relatives.

—Miss Alta Riggs of Connerville will come tonight to spend the remainder of the week, as the guest of Miss Mildred Oneal.

—Mr. and Mrs. L. B. Snelser have returned to their home in Lebanon after a short visit with Mr. and Mrs. J. H. Scholl of this city.

—Charles Blair, who has been employed here for a few years as an advertising solicitor, went to Shelbyville today to accept a similar position on the Shelbyville Democrat.

MANY CITIES IN THE
STATE GO REPUBLICAN

Continued From Page 1
mond, Rochester, Tipton, Wabash, Whiting.

Jesse Hick Mellett, democrat, had a close call for re-election at Anderson. His plurality was only 92. It was 532 four years ago.

Mayor Bunch was elected at Mun-

cie with a plurality of 2,004. A

fight was made on him by the better

element of the city. Mayor Bosse of

Evansville, also a democrat, was re-

elected in spite of the fact that his

candidacy was bitterly contested.

ITALIANS WITHDRAW

(By United Press.)

Rome, Nov. 7.—Withdrawal of the Italian lines to the Livenza river in good order was formally announced by the war office today. To the north the retreat was said to have been protected by covering units and to the south by adequate rear

guards.

Mrs. Carl Gunning will entertain the members of the Thursday Afternoon Bridge club tomorrow at her home in West Tenth street.

Days Pickings

The plans of the Rev. C. S. Black for exchange of pastors in the Rushville group of Methodist churches worked well. The exchange will be concluded next Sunday. The Rev. Daniel Ryan will preach at Manilla and Pleasant Ridge at the usual hours. The Rev. Mr. Reed of Morristown will preach at Carthage and the Rev. Mr. Westhafer will be at Morristown and Fountaintown. The arrangement is pleasing to pastors and people and interest is being awakened in the Jubilee Educational campaign.

An error was made yesterday in stating that Fred Osborne of the infirmary of the 139th Heavy Field Artillery, stationed at Camp Shelby, Miss., was critically ill with spinal meningitis. Instead it is Herman Osborne, son of Mrs. Lillian Osborne of this city, who is afflicted. He enlisted with Company M. at Newcastle and is now in a battery of 139th.

Bert Conde has returned from a visit in Hattiesburg and reports that Battery A. is in quarantine with the measles. Only two of the Rushville boys have taken them, but the entire battery is in quarantine. The remainder of the party, Mrs. Miranda Kiplinger, Miss Margaret Ball and Jerome Caron, who motored there will return the latter part of the week.

Unpatriotic Dealers

More and more the attention of the country is being fixed on the retailers. It appears that the laws passed by congress and the regulatory measures adopted by the food administration have left them practically untouched. The price of food in general has not gone down, as the government and the public anticipated, though the much-criticized middleman has had his activities limited and his profits curtailed.

Evidence has been accumulating to the effect that most retailers have been, and still are, charging all the traffic will bear. Food Administrator Hoover has recently complained of two flagrant cases in which they have failed his efforts to cheapen food to the consumer. In many places they have forced the public, he says, to pay \$1.50 to \$2.00 a barrel more for flour than is warranted by the price being paid to millers. And they have charged more for sugar than wholesale prices justified, often quadrupling their old profits. It would be easy to mention many other commodities for which abnormal prices are charged.

In most instances the retailer pleads "scarcity" as his justification. But it should no longer be necessary to point out that if scarcity, real or imaginary, was ever proper cause for boosting prices to consumers, it is not so now, whether the commodity be sugar or shoes or coal or anything else.

Suppose sugar is scarce! Why should the retailer therefore get more per pound for what he has to sell, when the government is enabling him to buy his supply at the same old price? Suppose customers are bidding against each other for the sugar. The only fair and patriotic thing to do is to distribute the supply as equitably as possible, without boosting prices and profits. Otherwise, while everybody else suffers from the scarcity, the retailer gains by it.

It is such exhibitions of unfairness as this which have occurred in so many cities, that are responsible for the present widespread cry for government regulation of retail prices. We shall have such regulation before long, in all important commodities, if the retailers do not fall into line voluntarily.

Suggestive of the effort being made by railroads to handle the increased demands on freight service, of which the greater part results from the movement of coal, the Pennsylvania system alone has discontinued 210 passenger trains in order to release the engines for freight service.

Breathitt county, Kentucky, famous for feuds and fighters, has furnished more than its quota of soldiers as volunteers. If these men sustain the reputation of their county they will do much to wipe out the stain that has rested so long on their country.

Along about the time the women finish canning food-stuff, the men will be preparing to can some politicians.

Helping to Win the War

ARTICLE II.

Advice to Americans Between the Ages of Six and Sixteen.

Prepared for the Indiana State Council of Defense by George Ade.

Assuming that this letter is now being read by some boy or girl old enough to go to school but still young enough to be called kid, (by those who don't know any better) let us begin by asking the question, "Is it wrong to fight?"

Every boy or girl with civilized parents can answer that question. It is not to be answered by "yes," or "no."

If we say "yes," we admit at once that our old friends George Washington and U. S. Grant were depraved characters, because they fought and then kept on fighting.

If Buffalo Bill once upon a time rode out across the plains and came upon a band of Indians attacking a settler's cabin and went dashing up with his scouts and killed a few red-skins, is there any boy in the world who would go back on Buffalo Bill and pick out some quiet, elderly real estate dealer as a substitute hero?

It's too foolish to talk about.

Suppose we say it is not wrong to fight. Then we remove all blame from the Indians that Buffalo Bill killed and we find ourselves so mixed up that probably we had better back up and take a new start.

In answer to the question, "Is it wrong to fight," there can be but one sensible reply, as follows: "It all depends."

Suppose a boy of 14 is walking along the street with his sister and the neighborhood bully swaggering around the corner and pushes the boy up against a fence and cuffs him alongside the head and then tries some insulting familiarities on his sister, and suppose the boy who thus humiliated and whose sister is in tears, suddenly remembers that he has been told to keep "out of fights!"

What shall he do?

Retreat to an alley, or stand up in defense of his own self-respect and try to protect his sister?

Suppose he says to the bully, "I believe in peace and no matter what you do to me, I won't strike back."

Then he would get a few more cuffs for good measure, and his sister would be ashamed of him and he

When that "little red wagon," as the new chemical truck has been dubbed in some quarters where they must have their little joke, speeded down Second street yesterday, republicans naturally felt that someone was going to be run over.

The republicans of Rushville did not give the proprietor of the democratic organ here a "square deal." They should have told him before the election they were going to flatten him out.

Insinuations and imputations of wrongdoing, as well as "cute" phrases, may be the bait that catches Ohio voters, but the Hoosier voter is no "sucker"—he thinks for himself.

It was easy enough to get the Kaiser out of those Chicago spellers, but it's another and altogether different job to get him out of the geography.

St. Patrick didn't have anything on prohibition when it comes to banishing snakes. It's rare you hear of a snake-bite in a bone-dry state.

Official Washington is wondering if the Japanese mission didn't overlook its hand. The matter of a loan was not mentioned.

The afflictions of the coal barons have completely eclipsed the woes of the ice man in public attention.

Did the local democratic organ do it? You can't make lots of democrats believe anything else.

It pays to advertise—that is if you have the goods.

Anderson—Inspection of 85,000 pairs of United States army breeches is the job of a government official here. The garments were made by the Ward-Silson company.

would be ashamed of himself and the little rowdy who attacked him would call himself cock of the walk and be a greater nuisance than ever before.

The United States of America is involved in hideous war because President Wilson and Congress and all persons who are warmed by red blood instead of being chilled by sarsaparilla pop had to make the same decision that every boy is called upon to make when he is jumped upon by a tough customer.

Another question (boys only): Did you ever let a boy up before he yelled "Enough" and then have the whole fight over again?

If so, you might go around in your neighborhood and give some valuable information to people older than yourself.

If you (this is for both boys and girls) went out into the woods for a picnic with another "bunch" of young people you knew and liked, and if your crowd had a basket of things to eat and the other crowd had a basket and some toughies came along and stole the basket belonging to the other crowd, would you give them something out of your basket, or let them sit over by themselves, hungry and miserable, and watch you stuff yourselves?

You'd play fair of course, even if you had to go a little hungry.

Mr. Hoover is now asking every boy and girl in America to play fair and divide up with the hungry youngsters of France and Belgium and Great Britain.

There isn't enough food in the world to go around if we are selfish and claim more than our share.

How can a boy or girl under high school age really help to win the war?

First join the Junior Red Cross. Then keep on saying, "I know Uncle Sam is right and I will pull for him until he wins."

Believe what you say.

Root for the U. S. A. as you would root for your baseball nine or your basketball five.

Stand out on the edge of the sidewalk and cheer the soldiers as they swing by.

If you get a chance to hold yarn for a Red Cross knitter, do your "bit," and says to yourself, when your arms begin to get tired: "I am helping on a pair of socks, and these socks will keep a soldier warm and prevent him from being ill or discouraged. When the time comes for him to fight he will be in better condition and more willing to fight because he had these warm socks to wear."

Helping to Win War Gal 2. means back to where they belong. There will be a great victory and I will share in it because I held the

GLASS OF JADE CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithium, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

yarn that knit the socks that warmed the feet that carried the man that chased the German that obeyed the Kaiser that has to be licked before the world can go back to housekeeping."

Probably the children to whom we are now talking are better posted regarding United States history than are some of the people who talk about it.

The children have got the Declaration of Independence and Emancipation Proclamation freshly in mind and know what they were about and why.

They know that this country is dead set against slavery, either of the old-fashioned kind of chains and

shackles, or the modern sugar-coated German variety.

They know that our boys now in the training camps or on their way to France are getting ready to fight against the oppressions of a cruel despot, just as some other American boys once fought at Bunker Hill.

By the way, if you can find a man or woman who does not understand how the rights of a democracy are to be preserved when kings go on the rampage, you might loan this ignorant person your school history. Mark the pages relating to the Boston Tea Party, the Liberty Bell, Lexington, Valley Forge and Yorktown.

They know that this country is instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instant.

It's just fine. Don't stay stuffed-up with a cold or pasty catarrh.

Democrats and Republicans HAVE VOTED

That our establishment is the place to lengthen the life of their garments

Even the Women

praise us daily for our good work. We have a ladies' expert tailoring department. Fancy dresses of all kinds are dry cleaned and pressed to your satisfaction.

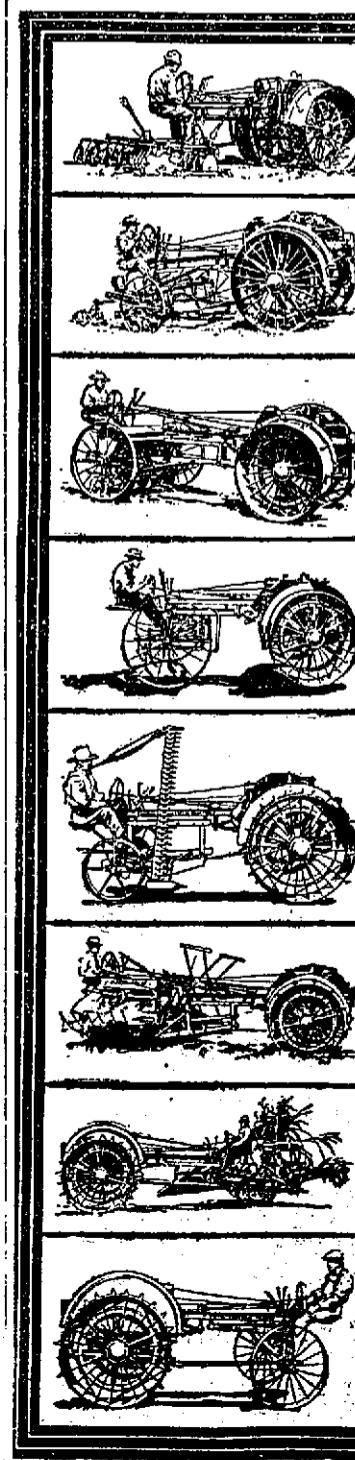

Send us your garments which are mussed and soiled. When we get through with them they will look like new. Hats re-blocked and cleaned; shoes cleaned and dyed; rugs, carpets, curtains, and in fact nearly everything made in fabric, can be cleaned.

MOLINE Universal Tractor

As Powerful as 5 Horses
Does as Much Work as 7 Horses
Costs Less than 4 Horses
Requires Less Care than 1 Horse
Less Room than 1 Horse
Eats Only When it Works

The Ideal Tractor

No other tractor on the market will do such a great variety of work, nor is it as correct in design and construction as the Moline-Universal. It makes the horseless farm possible. It pulls the usual 5-horse load—all do as much work as 7 horses, owing to its greater speed and endurance. It can be used for plowing, harrowing, planting, cultivating, haying and harvesting—in fact, all field work, and will deliver 12 horse-power on the belt.

A Real One-Man Outfit
The Moline-Universal is easier to handle than a team of horses, weighs about the same, turns in a 16-foot circle and will back with the implement attached. It is compact, simple, close-coupled, a wonderful plow and carries no dead weight. And best of all, it is operated from the seat of the implement attached. This permits one man to operate both tractor and implement.

Cut the Cost of Horse Labor

The cost of horse labor is almost one-half the gross operating expense on the average farm. A farm horse averages only 3½ hours work a day through the entire year, and tires in six. It costs from 12 to 14 cents per working hour to maintain a horse, and requires 23 minutes a day to care for him or fourteen ten-hour days a year.

And yet there isn't enough power to plow as deep as science demands, require to harrow frequently, so that no man's time will be utilized, moisture conserved, and a good state of soil maintained; to cultivate more frequently; and to harvest at the proper time.

Let us tell you how the Moline-Universal Tractor can reduce the cost of power on your farm. It will pay you.

For further information see

WALTER G. DUKE

DRINK HOT TEA
FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless, and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

GOOD PROVIDER'S FAMILY

Pa says food of quality! Sure will make a man of me!!

I'm going to be a Good Provider like my Pa when I grow up cause Ma sure does love him and when I grow up and get married I sure do want my wife to love me. She will.

"Piecing" Your Income

The best way to piece out a small income is to regulate the outgo. Not that you need to be a miser, but you can be sure that all of your dollars do full service.

This Store Makes Your Dollars Do Their Duty

We have a stock of Dry Goods, Carpets and Ready-to-wear Garments that for real bed-rock value can't be duplicated anywhere.

These goods are all marked in plain figures, and we sell them at these prices.

These prices are based on the actual worth of the articles, not what we think we can get.

Buying at Casady's is the surest way of piecing out that narrow income.

E.R. Casady
RUSHVILLE, INDIANA

SOCIETY

The friends of Miss Erema Wilk invited in by Mrs. A. L. Gary for her pleasure yesterday afternoon spent a delightful period as the guests of Mrs. Gary. An informal time was spent in knitting and late in the afternoon, the guests were seated at small tables for the service of the dainty one-course luncheon. An original poem written about the guest of honor was read. Lovely pink chrysanthemums decorated the home for the affair. Among the guests were Mrs. D. C. Green of Arkansas, Miss Lena Buell of Raton, N. M., and Mrs. Ben L. Smith of Denver, Col.

* * *

Mr. and Mrs. E. B. Thomas and daughter Miss Dorothy left this afternoon for Indianapolis, from where Miss Thomas will leave tomorrow for San Antonio, Texas. She arrives there Friday evening and will be the guest of Capt. and Mrs. Harvey Mauzy, formerly of this city, until her marriage to Lieutenant Glenn L. Tucker which will take place in the Methodist church of San Antonio on Saturday afternoon. The Lieutenant and his bride are to make their home in a "Squaw Camp" near Fort Houston where the former is stationed.

* * *

Miss Roberta Muire entertained with an informal Rook party last evening at her home in West Seventh street, honoring her fourteenth birthday. The guests were the Misses Joan and Margaret Weakley, Lillian Priest, Magdaline Arbuckle, Virginia Haydon, Lavina Compton, Jean Sparks, Margaret Kelly, Mary

Social Calendar

Tuesday

Thursday Bridge club with Mrs. Carl Gunning, 329 West Tenth street.

Social Dozen Club with Mrs. Charles H. Brown, 220 West Fourth street.

Ladies Aid society of the Catholic church with Mrs. Philip Heeb, 206 Buena Vista Avenue. Mrs. Catherine Horr assistant hostess.

Knights of Pythias dance in the K. of P. hall in the evening.

Pirate Bridge club with Mrs. Harrie Jones, 837 North Harrison street.

Priscilla Art club with Mrs. Sherman Hill at her home near Lewisville.

Louise Wyatt, Elizabeth Pierson and Helen Matlock. The home was decorated with potted plants and ferns in honor of the occasion. The hostess served dainty refreshments.

* * *

At the meeting of the Ladies Aid society of the Methodist church yesterday afternoon at the home of Mrs. R. G. Budd about forty of the members were in attendance. Mrs. Ed Pitman and Mrs. Clara Ruddle were the assistant hostesses. During the business meeting plans were made to have a penny supper to be given soon and the final arrangements for the reception to be given for the Rev. and Mrs. Clyde S. Black at the church this evening were discussed. The next regular meeting will be in two weeks.

* * *

At the meeting of the Loyal Daughters class of the Christian church last evening with Mrs. Norman Crum at her home in West Seventh street, about twenty-five members were present. The girls decided to meet once every week and sew for the Red Cross, instead of having bi-monthly meetings. Last evening was given over to Red Cross work and the hostess and her assistants, the Misses Ruth and Geneva Crull and Mrs. Ernest Carpenter, served splendid refreshments.

* * *

On their return home from an extended trip to Detroit, Mich., Mr. and Mrs. Albert Sweet found a number of guests gathered at their home in North Sexton street last night. The guests were all masked and had come prepared for a sumptuous pitch-in supper. The guests were: the Misses Ellie Young, Henrietta and Bertha Schantz, Maud Smith, Oma Cox, Mayme Kuntz, Ethel Oakley, Elinor Doll and Mrs. Charlotte Havens and Mrs. Katherine Williams.

* * *

About thirty members of the W. R. C. were entertained yesterday afternoon by Mrs. Syders at her home in North Harrison street. A guessing contest was a feature of the meeting. Mrs. Will Morgan and Mrs. Dye being the winners of the prizes. The first Tuesday in November is the date set for the business meeting.

* * *

The first meeting of the Busy Bunch club was held with Mr. and Mrs. Willard Amos last evening at their home in North Peckins street. Mrs. O. M. Harton, Miss Lucy and Will Inlow, Mrs. Talbert, Mr. and Mrs. A. L. Stewart and Mr. and Mrs. Albert Winship, were entertained with a pitch-in supper.

* * *

Mr. and Mrs. L. B. Downey entertained with a high noon dinner yesterday at their home in North Sexton street. Covers were laid for Mr. and Mrs. Orville Collier and son and Mr. and Mrs. Webb and daughter Helen and son Artie.

* * *

One of the first dances of the season will be given in the Phi Delta Kappa hall on Friday evening of this week following the bas-

Council to Be Represented At Women's Meet

Mrs. A. L. Stewart, Member of County Defense Body, Will Attend Session in Indianapolis Tomorrow to Organize Women in War Work.

SOUTH BEND WOMAN HOSTESS

The Rush county Council of Defense will be represented at the meeting of Indiana women workers in Indianapolis tomorrow by Mrs. A. L. Stewart, the woman member of the Council in this county. The Council of Defense has been the force behind a number of the war activities in this county. The meeting tomorrow is being held to make plans for completing a state-wide women's war work organization and for pushing activities along many definite lines in which women are proving effective. The meeting will begin at 2 p. m. at the Chamber of the House of Representatives, State House. A luncheon will be held at the Ayres Tea Room at 12:30 when the women workers will be the guests of Mrs. Anne Studebaker Carlisle of South Bend.

Mrs. Carlisle has called together 250 women workers from all parts of the state for the meeting. Mrs. Kellogg Fairbank of Chicago a leader in women's war work in Illinois will speak of the women's work in her state and Captain Hugh Knyvett of the Australian forces in France will speak on the war. He is said by some one who heard him in Chicago that his speeches are the best yet heard in this country on the war. The public is invited to attend the meeting at the State House in the afternoon and workers in the Council of Defense from this county are urged to attend.

ketball game. Excellent music from Connersville has been procured for the affair.

* * *

Miss Mabel Conner, daughter of Mr. and Mrs. Morton Conner and Harry B. Meyer, son of Mr. and Mrs. Miller Meyer, were quietly married last evening about 6:30 o'clock by the Rev. D. Ira Lambert, pastor of the First Presbyterian church. Mr. and Mrs. Meyer went immediately to their newly furnished home in West Third street.

* * *

A reception is to be given this evening in the parlors of St. Paul's M. E. church, honoring the new pastor and his wife, the Rev. and Mrs. Clyde S. Black. An informal program will be given after which the guests will enjoy a social good time. The members of the church and their families, the friends of the congregation and the ministers of all churches are invited and urged to attend.

* * *

Mrs. Carl Behr was hostess to the members of the Wednesday Afternoon Bridge club yesterday at her home in North Main street. Two tables of guests were entertained and the hostess served refreshments.

Cough? Feverish? Grippy?

DR. KING'S DISCOVERY
for Coughs & Colds

AT THE first sign of a cold—feverishness, sluggishness, tightness in chest, sniffling and sneezing—go to the nearest drug store and get a bottle of Dr. King's New Discovery. The first dose brings relief.

This old reliable preparation has been recommended and used successfully for coughs and colds for fifty years. It's years of use recommend it.

Your druggist has
had it for years.
Try it.

HOME BEAUTIFIERS

With the advent of November, everyone begins to think more about how to make her home cozy and attractive for the winter months. Essentially "homey" is what she wishes to make it. Nothing will contribute more to this effect than the change brought about by new draperies and floorcoverings.

The curtain materials and over draperies are commendable for their taste and beauty of design and excellent quality. Only an inspection can reveal the scope of the stocks—the endless possibilities for home adornment which these fabrics possess. Quality considered, the prices are very reasonable. Some of the materials are fine filet nets, imported Scotch grenadines, Saxony nets, cretons, voiles, marquises, and wonderful combinations of colors in madras, in tapestry and conventional designs.

Floorcoverings in every conceivable shape, color and size in exceptionally large variety are offered here for your approval. Whatever you wish in this line, you will be doing yourself an injustice to purchase without seeing our immense showing. Rugs in all sizes and qualities, axminster, velvet and tapestry carpets, and linoleums—roll after roll of them. "Victor" hand made window shades are sold by this store exclusively.

Save money by buying carpets, rugs and draperies here.

William Gowdy made a business trip to Rushville Saturday.

Mrs. John Woods spent Friday in Indianapolis.

Laibin Long has gone to Connorsville, where he has accepted a position.

QUARANTINE REGULATIONS

Most of Men in 139th Infirmary Are Issued Blouses and All Have Gloves

(Special to the Daily Republican.)

Camp Shelby, Miss., Nov. 7.—

Measles and mumps have broken out in three batteries of the 139th Heavy Field Artillery here—A, B, and F—the former battery being composed of the men who were formerly in Company A of Decatur, Ind., and Company B of Rushville, Ind. The cases of mumps have been confined to one battery, but men from all three of the batteries have the measles.

Cleo Emsweller of Rushville, sergeant in Battery A is one of patients having measles. The patients are isolated in the rear of the infirmary tents and the batteries affected are confined to their battery streets to prevent the diseases from spreading.

The 139th infirmary hospital now has a capacity for twenty-five patients. This week the infirmary was issued twelve white enameled beds for the hospital. The beds have hair mattresses and pillows. All patients above twelve in the hospital at the same time have to have their cots brought in from their tents.

Bert Conde and Jerome Caron of Rushville spent two or three nights out here during their stay at Hattiesburg and they both have some nice stories to tell about being stopped by the guards.

Most of the men in the infirmary have received blouses and all have gloves. They are expecting overcoats next.

Camp Shelby, which recently received and assimilated three thousand men of the National Army from Kentucky and Indiana, is ready for

three thousand more and has so instructed the War Department, according to the statement of Brigadier General E. M. Lewis, commandant at the camp.

The men were sent to Camp Shelby to fill the gaps in all regiment and separate battalions left by the reorganization of the army to double strength for war service. Six thousand are to come here and half of this number already are on the ground and have been assigned to their commands, which scattered them throughout practically every unit in the camp.

They double the pleasure and satisfaction to be obtained from a motor car. They banish the control of weather over the enjoyment of motoring—make the use of the motor car equally pleasurable under summer's skies or midst winter's storms.

Died of Premature Old Age!

How many times we hear of comparatively young persons passing away when they should have lived to be 70 or 80 years of age. This fatal work is usually attributed to the kidneys, as, when the kidneys degenerate, it causes auto-intoxication. The more injurious the poisons passing thru the kidneys the quicker will those noble organs be degenerated, and the sooner they decay.

It is thus the wisest policy, to prevent premature old age and promote long life, to lighten the work of the kidneys. This can be done by drinking plenty of pure water all day long, and occasionally taking a little Anuric (double strength) before meals. This can be obtained at almost any drug store. You will find Anuric more potent than Lithia for it dissolves uric acid almost as water does sugar.

A PROMINENT MAN SPEAKS.

Fort Wayne, Ind.—"At one time through exposure I caught a severe cold which settled on my lungs. I coughed continually. Had very little rest day or night, just about the time I would get to sleep I would have a severe fit of coughing. I soon lost weight and grew weak. I thought when it became warmer this would all leave me but it did not. About four months had passed without my getting any better, although I doctored and took medicine. Everyone thought I was going into consumption and I firmly believed so myself. I was in very bad shape when I learned of Dr. Pierce's Golden Medical Discovery. I had only taken it a few days when I began to get relief and felt assured that I had at last found the right medicine. Three bottles of the 'Discovery' completely cured me. I gained in weight and was once more hale and hearty. —GEORGE F. AICHELE, 68 Portage Ave.

ASKS FOR HELP TO SUPPRESS DISLOYALTY

Premier Kerensky Calls on Government to Prevent Seizure of Power by Maximalists

SOLDIERS URGED TO DISOBEDI

(By United Press) Petrograd, Nov. 7.—Flatly declaring that the Maximalists "threatened to open the front to Germany," Premier Kerensky today asked the preliminary parliament if it would support the government in suppression of their attempts to seize any military or civil powers.

A definite break between the local council of workmen and soldiers and the Russian general army staff came today. The council's military committee ordered troops to disobey orders from the war ministry summoning them to Petrograd.

The government authorities acted promptly. They raised the draw of all bridges over the river connecting the workmen's quarters in the city and suppressed one Maximalist and two reactionary newspapers. Kerensky's open indication that he proposes to use all governmental powers in crushing the attempts of the malecontents of the extreme radical ranks to control in Russia has been practically forced by the action of leaders of the Petrograd council of workmen and soldiers in canvassing the soldiers of the Petrograd garrison.

The garrison has been asked to disobey any orders from the government unless approved by a military committee from the council.

Frankfort—Lights will be erected around Frankfort to guide army aviators flying over the city at night.

DOCTOR GAVE THIS RUN-DOWN WOMAN VINOL

And She Got Well—Her Nervousness Disappeared

Flint, Mich.—"I keep house for my family of six and got into a generally run-down condition. I was weak, nervous and could not sleep, and had headache a good deal of the time. My doctor prescribed Vinol and it made me well and strong. I am a good deal less nervous and can sleep nights." Clara Smith, 1213 W. 4th Ave., Flint, Mich.

We sell Vinol on a positive guarantee to make nervous, weak, run-down women well and strong or return their money. Try it anyway.

F. B. JOHNSON & CO., Druggists, Rushville, and at the best drug store in every town and city in the country.

OBITUARY

Samuel Griffith was born in Orange township, Rush county, Indiana, August 10, 1838; died October 26, 1917, after a short but painful illness which he bore with Christian patience. He was the son of John and Margaret Feaster Griffith.

He was married to Susan Apple October 29, 1865, and to them were born three children, two sons and a daughter, Van Elias, Elmer and Carrie. Van Elias died in infancy. Bro. Griffith's wife preceeded him to the better world by only two months and four days, having spent their entire married life of almost fifty-two years on the same farm.

He united with the Ebenezer M. E. church in 1881, where he remained a faithful, devoted member until his death.

Bro. Griffith was a man of strong domestic tastes, greatly devoted to his family. His faith never wavered, his convictions were undisturbed. A useful life has closed its earthly mission. Surely may it be said of him, "He hath done what he could."

Since to all earthly work an end must come, our words of farewell to a fellow workman should not alone be those of grief that man's common lot has come to him, but of pride and joy that his task has been done worthily.

"Blessed are the dead that die in the Lord, henceforth; yea, saith the spirit, that they may rest from their labors, and their works do follow them."

ONE CHANGE MADE IN HOG MEETINGS

Gowdy Session Will be Held Friday Evening in School House After Revival Service

PRACTICAL MAN WILL SPEAK

Necessity of Increasing Hog Production on Account of Shortage Purpose of Campaign

The meetings to be held tomorrow and Friday at six points in the county in the interest of increasing hog raising, have been arranged for and plans are moving forward for their success. One change of time has been made for the announcement made yesterday.

The meeting at Gowdy on Friday evening will be held about eight o'clock in the school house after the services at the Gowdy Christian church. For the convenience of those in that neighborhood, the meeting was made to follow the revival service. M. F. Dietrick of Ohio, emergency demonstration agent for Rush and Hancock counties and L. B. Morgan of Galveston, Tex., a practical hog raiser, will have charge of the meetings.

The meetings are to be held at the following times and places: Thursday, 10 a. m.: George Green farm in Richland township; 2:30 p. m.: George Looney farm near Gings;

7:30 p. m.: Mays school; Friday morning 10 a. m.: Frank Sample farm in Posey township; 2:30 p. m.: Elmer Hutchinson farm near Arlington; 8 p. m.: Gowdy school house.

In reference to the shortage of hog meat, J. W. Schwab of the animal husbandry division of Purdue says:

"During 1916 and up to September 1, 1917, there was a decrease of 5,427,000 hogs in the U. S. Indiana has a hog shortage of approximately 20%. In other words where we had one hundred hogs a year ago we now have only eighty. The other swine producing states are all short of the normal supply. The report comes from Europe that there is a shortage of 115,005,000 heads of cattle, hogs and sheep. This extreme shortage is serious. It is growing daily and no doubt will continue until the end of the war. An immediate resumption of the normal supply of animal products cannot be expected even for many years after the war. It takes time, several years, to fully replace the breeding herds and flocks of the country."

Europe, and America too, need more meats and fats. This condition is proven by the extreme high prices now prevailing. The hog problem is of greatest concern. Hogs lend themselves to rapid increase and this is the only satisfactory outlook of the immediate situation.

Where Indiana farmers bred 20 sows and gilts a year ago, 24 will have to be bred this year to reach the normal supply of hogs during 1918. Unfortunately Indiana has on hand this year an enormous amount of soft corn. The only possible way

in which a profit can be realized is to market it through live stock. The large number of pigs which are being shipped to market should be retained on the farms to consume this corn. This feed must be fed before spring opens up. Good brood sows and gilts suitable for breeding purposes should not be sold and shipped to the central markets. When they reach the markets they are lost.

Strive to keep these sows at least until they have produced a litter of pigs. The country has an abundance of feed. The U. S. Department of Agriculture estimates that there is one billion more bushels of feed produced this year than last.

FORTIFYING AZORES.

(By United Press) Buenos Aires, Nov. 7.—Madrid dispatches received today assert that United States forces are fortifying the Azores and quoted Lisbon newspapers as protesting and demanding explanation.

PREDICTS PEACE THIS YEAR

(By United Press)

Paris, Oct. 15. (By Mail)—"Peace before the year has ended" is the firm prediction of Herr von Rosenzweig, an Austrian financier, who is said to be "in the secret" of the gods."

JAPAN'S INTERESTS ARE NOT NEW ONES

May be Compared With The Interests Which United States Has In Mexico

CHINA RESENTS THE ACTION

By ROBERT J. BENDER

(U. P. Staff Correspondent.)

Washington, Nov. 7.—Japan's special interest in China recognized in an agreement just made public between Secretary Lansing and Viscount Ishii, are rights which the United States has always recognized. They may be compared to the interest the United States feels with regard to Mexico. They are not new rights.

This was stated today by one who had a part in the negotiations which preceded the exchange of notes on November 2. The agreement does not bind China to anything. China was not consulted. The position of the United States with regard to China is no way altered nor are any American financial or commercial interests recognized.

China is said to regard the signing of the agreement as an infringement of her sovereignty and a slight on her dignity. A protest is anticipated.

That Japan's "special interest" do not give Japan a "sphere of influence in China" was stated today by officials.

REPUBLICANS SET A RECORD IN THIS CITY

Continued From Page 1

All of the republican candidates except the treasurer made gains in their majorities over those recorded by republicans four years ago, but the fact must be taken into consideration that there were three candidates in 1913.

Carl Gunning had a majority of 92 and a plurality of 298 four years ago as compared to Earl Osborne's majority of 234 this year. John P. Stech had a majority of 98 and plurality of 292 as against George Helm's majority of 26. The republican candidates for councilmen-at-large four years ago received majorities of 100 and 128 and pluralities of 295 and 307 as compared with majorities of 137 and 132 given the candidates for the same office this year. In calculating the majorities of councilmen-at-large, the two highest opposing candidates are matched against each other.

E. A. Lee, elected in the second ward, which is normally democratic, has a majority of 39. Four years ago the republican candidate received no majority and had a plurality of only 20 over the highest candidate. In the first ward, Frank Abercrombie piled up a majority of 89 and four years ago the successful candidate had a majority of only 59, but a plurality of 106. In the third ward this year A. P. Wagoner was re-elected by a majority of 40 as against four years ago when he had no majority, but a plurality of 95 over the democratic candidate.

E. A. Lee, elected in the second

ward, which is normally democratic, has a majority of 39. Four years ago the republican candidate received no majority and had a plurality of only 20 over the highest candidate.

In the first ward, Frank Abercrombie piled up a majority of 89 and four years ago the successful candidate had a majority of only 59, but a plurality of 106. In the third ward this year A. P. Wagoner was re-elected by a majority of 40 as against four years ago when he had no majority, but a plurality of 95 over the democratic candidate.
